NET CONTENTS:

- 275 GAL (1,041 Liters) | 2942.5lbs (1334.7.4kgs)
- 5.0 GAL (18.92 Liters) | 53.5lbs (24.3kgs)
- 2.5 GAL (9.46 Liters) | 26.8lbs (12.1kgs)
- 1.0 GAL (3.79 Liters) | 10.7lbs (4.9kgs)

DENSITY: 10.7 lbs/gallon at 68°F

LOT NUMBER: _____

ABOUT

EMPAC G is a solution designed to aid in top growth for the restoration of divots on golf courses and normal wear and tear on sports fields — creating a denser, greener, more luscious turf.

APPLICATION RATES

- **TURF / GOLF COURSE:** 2-3 gallons of Empac G per acre. (Boom Sprayer - Dilute 10 gallons of water to 1 gallon of EMPAC G).
- **RESIDENTIAL / COMMERCIAL:** Hose-End Sprayer - Dilute 9 oz per 1,000 sq. ft. every 4-6 weeks, or as needed, not exceeding 160 oz per 1,000 sq. ft. per year (set hose end sprayer to 2 oz setting)

MIXING GUIDE

EMPAC G has an acidic pH value when mixed with water. Mix contents in the following order:

1. Water
2. EMPAC G
3. Other fertilizers
4. Pesticides
5. Adjuvants

Compatibility tests are always recommended prior to mixing EMPAC G with other products. Do not mix with high pH fertilizers or pesticides without performing a jar test.

NOTICE

Verdeflow llc. Warrants this product to the chemical description and for it's specific intended use only. This warrantee is only valid when the product is used in accordance with the directions also described on this label. It is understood that it is impossible to eliminate ALL risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may be a result of many factors, such as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Verdeflow llc. In no case shall Verdeflow llc. be held liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer. Verdeflow llc. makes no warranties in any any other express or implied warranty except as stated above.
