NET CONTENTS:

275 GAL (1,041 Liters) | 2777.5lbs (1259.9kgs)

DENSITY: 10.1 lbs/gallon at 68°F

LOT NUMBER: _____

ABOUT

EMPAC K is a highly concentrated, solution of potash designed to correct potash deficiencies.

APPLICATION RATES

GENERAL USE

• 2-6 gallons of Empac K per acre.

FOLIAR APPLICATION

• 1 quart to 2 gallons of Empac K per acre (dilute 8 gallons of water to 1 gallon of Empac K).

MIXING GUIDE

EMPAC K has an acidic pH value when mixed with water. Mix contents in the following order:

1. Water
2. EMPAC K
3. Other fertilizers
4. Pesticides
5. Adjuvants

Compatibility tests are always recommended prior to mixing EMPAC K with other products.

NOTICE

Verdeflow LLC warrants this product to the chemical description and for its specific intended use only. This warrantee is only valid when the product is used in accordance with the directions also described on this label. It is understood that it is impossible to eliminate ALL risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may be a result of many factors, such as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Verdeflow LLC. In no case shall Verdeflow LLC be held liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer. Verdeflow LLC makes no warranties in any any other express or implied warranty except as stated above.
